MCFTB is excited to begin a program geared solely toward teens and deployment! In efforts to build a program just for teens, we thought it best to go straight to the source to find out what they'd like to learn and discuss.

With that being said, we are having a Teen Program Focus Group in which we are inviting teens and parents of teens going thru a deployment to join MCFTB on 8 June 2010 to gauge the type of program that they would be interested in attending.
